## Long Range Gulfstream IV Latest Addition to FlightWorks Fleet

**FlightWorks Continues to Lead in Domestic and International Charter and Management Services**

### **Atlanta (April 25, 2006)**

FlightWorks, a leading provider of private aviation solutions, has recently added the long range Gulfstream IV to its growing fleet. The Gulfstream IV is based at McCollum Field in Atlanta, GA metropolitan area. The Gulfstream IV will be managed under the company's FlightWise management program.

This Southeast based jet is perfect for transcontinental trips, for business or pleasure. This aircraft features comfortable seating in leather captain chairs for up to 15 passengers, and it is equipped with such amenities as a 3-person divan, full galley and a fully enclosed aft lavatory. The Gulfstream IV also features a DVD entertainment system and plenty of extra room to work and relax.

The Gulfstream IV is a significantly improved, larger and advanced development of the earlier Gulfstream II and III. In addition to increased range, the Gulfstream IV incorporates enhancements to its Rolls-Royce Tay turbofans, which bring significant fuel burn and noise emission improvements. The GIV has an impressive range of more than 4,000 nm, with speeds up to 547 miles per hour. The crew includes a cabin manager, who can assist with any passenger needs.

### **About FlightWorks**
