## **IMMEDIATE RELEASE**

### **Instant Charter Quote FlightWorks adds CharterX Quote Technology to Website**

KENNESAW, GEORGIA — July 17, 2008 — Today, FlightWorks launched a new Instant Quote service on their website, [www.flightworks.com](http://www.flightworks.com). The software module supporting this new technology, **XQuote**, is powered by Wyvern's CharterX – the business exchange for air charter. Visitors to FlightWorks website can request and receive instant access to aircraft availability, estimated pricing, total flight time, photos and itinerary information. XQuote supports customers in six different languages, English, French, German, Italian, Russian and Spanish.

Visitors to FlightWorks website can build an itinerary (specify one way, round trip or multi-leg), select dates, times and departure and return locations. By entering the number of passengers, aircraft can be selected to meet seating criteria. Several aircraft options are presented for review complete with pricing estimates that include: estimated flight time, landing fees, fuel surcharge, subtotal and taxes. The form can be submitted to FlightWorks, along with baggage requirements, comments, special requests, and a FlightWorks Charter Service professional will immediately respond. After reviewing the Instant Quote information, the visitor may simply pick up the phone and call FlightWorks at 800.255.1971 to finalize the trip details. FlightWorks provides service 24/7/365 –standing by and ready to answer your questions, assist you in booking your next charter trip, and ensuring that each FlightWorks' travel experience exceeds your expectations.

In addition to **XQuote**, FlightWorks launched its new **Options Analysis** tool for prospective aircraft management clients. FlightWorks Options Analysis reveals cost control measures, fleet savings and charter revenue opportunities available to aircraft owners and companies.

FlightWorks is recommended by Wyvern Consulting Ltd., a leading aviation safety auditing body. As a Wyvern-approved and recommended operator, FlightWorks participates in the Wyvern Wingman program. In addition, FlightWorks is Department of Defense certified, ARG/US "Platinum", and an ISO 9001-2000 Registered company.

"FlightWorks is committed to safety. With an exceptional team – some of the top professionals, pilots, technicians and cabin managers in the industry - along with the finest fleet of aircraft, it is evident that our high levels of safety, professionalism, and service are what set FlightWorks apart," said Jim Lara, FlightWorks president.

FlightWorks operates private executive facilities and business jets in major markets across the United States where it offers executive charter, aircraft management and aviation consulting to corporate executives, business owners, high-net-worth individuals and government agencies. The company specializes in on-demand charter and block charter programs (FlightPASS) with flexible scheduling, uncompromised safety and personalized customer service. Aircraft owners value the efficiency and economy of FlightWise®, FlightWorks proprietary aircraft management program.

The headquarters office is located at 500 TownPark Lane, Suite 350, Kennesaw, GA. with private, executive terminals in Atlanta, GA, Washington, DC, Denver, CO and Jacksonville, FL, metropolitan areas, as well as additional charter operations throughout the United States.

For more information about FlightWorks, visit [www.flightworks.com](http://www.flightworks.com) or call the company's headquarters at 1-800-255-1971 or 770-422-7375.
